Additional Resources for Pupils

You will remember that in the autumn term the whole school undertook a sponsored walk to generate funds which can enhance pupils' learning and experience in school. Pupils and staff raised over £9,000 which was a fantastic achievement.

We are now able to share the details of the resources which have been purchased to enhance pupils' learning. Departments submitted bids for the resources and the following areas will benefit:

- DT Laser cutter to enhance the quality and precision of pupils' work
- English Increase the range of additional literature texts for KS3 to broaden pupils' experience and engagement
- ICT Digital cameras to support the quality of images and video in pupils' work
- MFL Money to subscribe to high quality language on-line learning resources for pupils
- Music Updated keyboards and equipment to enhance practical lessons
- PE A new school sized trampoline to enhance pupils' learning and skills
- Science Equipment to enhance practical lessons and revision workbooks to embed learning

We have been very lucky in the past to have your support and are pleased to have had your support again this academic year. We are also very proud of our pupils who raised these funds to further enhance learning in their school.

Activities Week 25th-29th June

We have reviewed and developed our week for pupils. We have sought to provide a range of activities to challenge, inspire and develop confidence. Children have selected the activities which appeal to them and I would politely request that families ensure that all reply/ permission slips are completed and returned as well as any payments made.

Congratulations to:

Esther Gray (ex-student) who has just received her **GOLD** Duke of Edinburgh's Award at Buckingham palace.

Esther took part in the Duke of Edinburgh scheme with Hadleigh High School and passed her Bronze in Year 10, her Silver in Year 11 and her Gold at college in Years 12 & 13.

Well done Esther.

Live Streaming & Vlogging

As live streaming and vlogging becomes the 'new normal' for children to interact online, follow the link for a parent's guide to help demystify what it is and why children are doing it. It also includes practical tips parents can do to keep children safe internetmatters.org/advice/parents...

Tip 1 - Talk to children about how to deal with peer pressure and how easy it is to say or do something they think will impress others.

Tip 2 - Review privacy settings across all the social networks kids use so they stay in control of who can see their videos.

Tip 3 - Make them aware of reporting functions available to flag people or content that makes them feel uncomfortable.

Tip 4 - Encourage kids to 'Go live' in public places to limit the personal information that they share.

Drugs Awareness & Life Skills Performance – Thursday 21st June 2018

We are very pleased to share that next week we will be visited by upcoming singer, “**Alex James Ellison**”, who is on a Drugs Awareness and Life Skills themed schools tour. He will be travelling to various areas across the UK and visiting Hadleigh High School on the morning of Thursday 21st June. Alex will not only perform his music to Year 7, 8 and 9 students, but will also deliver a Drug & Peer Pressure message supporting the programmes developed by the charity D.A.R.E. The main message of the drugs presentation is to empower students to make healthy lifestyle choices. This supports our PSHEe curriculum and also our own pastoral assemblies and tutor time work.

Alex James Ellison is a singer/songwriter from Brighton. Alex attended the BRIT School (where Amy Winehouse trained) and has been tipped by BBC's Radio 1 as the next big British male singer being compared to Olly Murs. Alex has been singing and playing guitar for the last 10 years, and currently has two releases out on iTunes; Duvet Days, a 5 track EP and Chocolate Bar, his latest single. After supporting McBusted on tour he will soon be heading off to Los Angeles to work with some huge songwriters. Please find below a link to two of his performances.

Year 7 Languages and Culture Passport

Many Year 7s have been very adventurous in their holiday destinations and it has been fascinating to read about some of their choices. Hopefully these aspirations can one day become reality.

The final task of the year has been launched this week and students are asked to research a famous person from both a French and German speaking country. This can be somebody from history or someone currently famous and students should write about why they find them interesting.

Once all the passports have been collected in, the best 5 from each class will be put forward to be judged so that the best 3 can be selected and prizes will be awarded in final assembly.

Unwanted PE Kits and Revision Guides

If your child is in Year 11 and leaving HHS this year, we would very much appreciate if you have any PE Kits or Revision Guides that you no longer require. Please drop them off at the School Reception and we will pass them on to the PE Department.

Health and Safety - Allergies

Allergies in society are always on the increase, and in school we are constantly making sure that we protect our students and staff who are susceptible to reactions with certain food types. In order to further protect the wellbeing of our school community, we have made the school a **nut-free zone** and would like to thank you for your support in this matter by not allowing your child to bring in items of food which contain nuts. We have provided, for your information, a list of popular items to be aware of. For some items the link with nuts may be obvious but for others it may be less clear!

Nutella – contains hazelnut.

Milka chocolate – this has no signs of nuts on the packaging, but it is made with hazelnut.

Pesto - contains pine nuts, although these are not nuts, they could potentially be as dangerous as nuts to someone with a serious nut allergy, so for this reason, we kindly ask you not to take any risks.

Marzipan – contains almonds.

Nougat - contains nuts.

Peanut butter - and all other **nut butters**; "Speculoos" (the Belgian biscuit spread - available in most supermarkets) is an ideal replacement for peanut butter, it has a similar texture.

The majority of **breakfast / energy bars** contain nuts.

Granola – breakfast cereal and bars.

If anyone is in the habit of buying tins of chocolates as gifts, these should be checked carefully.

Coconut is absolutely fine – this is not classed as a nut.

Thank you for your support.
